GUEST SPEAKER:

**REX BURKHOLDER
METRO DEPUTY COUNCIL PRESIDENT
(complete bio at <http://www.metro-region.org/article.cfm?articleid=189>)**

With other groups aligned around transportation issues - city, regional, state and bi-state, we have asked Councilor Burkholder to address the following questions:

- How does the Metro fit into the picture?
- What is the current status of transportation efforts in helping to reduce congestion and delays in the Portland area and secondarily, Vancouver?
- What priority does commercial (primarily truck and rail) traffic have in the overall scheme of things?
- What is your take on the progress that the Bi-State Commission, JPACT and the Freight Mobility Task Force are making on these important issues?
- How and where can we, as a group and as individual members, be of assistance to Metro and its efforts?

We hope for a tremendous turnout, especially considering this is our 2005/2006 Kick-Off Meeting and with the opportunity to hear Councilor Burkholder address these important issues.

Please take this opportunity to invite a guest or two
